

FluTracking

Tracking COVID-19

Help track COVID-19 and flu in your area!

WHAT IS FLUTRACKING?

FluTracking is a crowd-sourced public health surveillance system, known for detecting the spread of COVID-19 and influenza

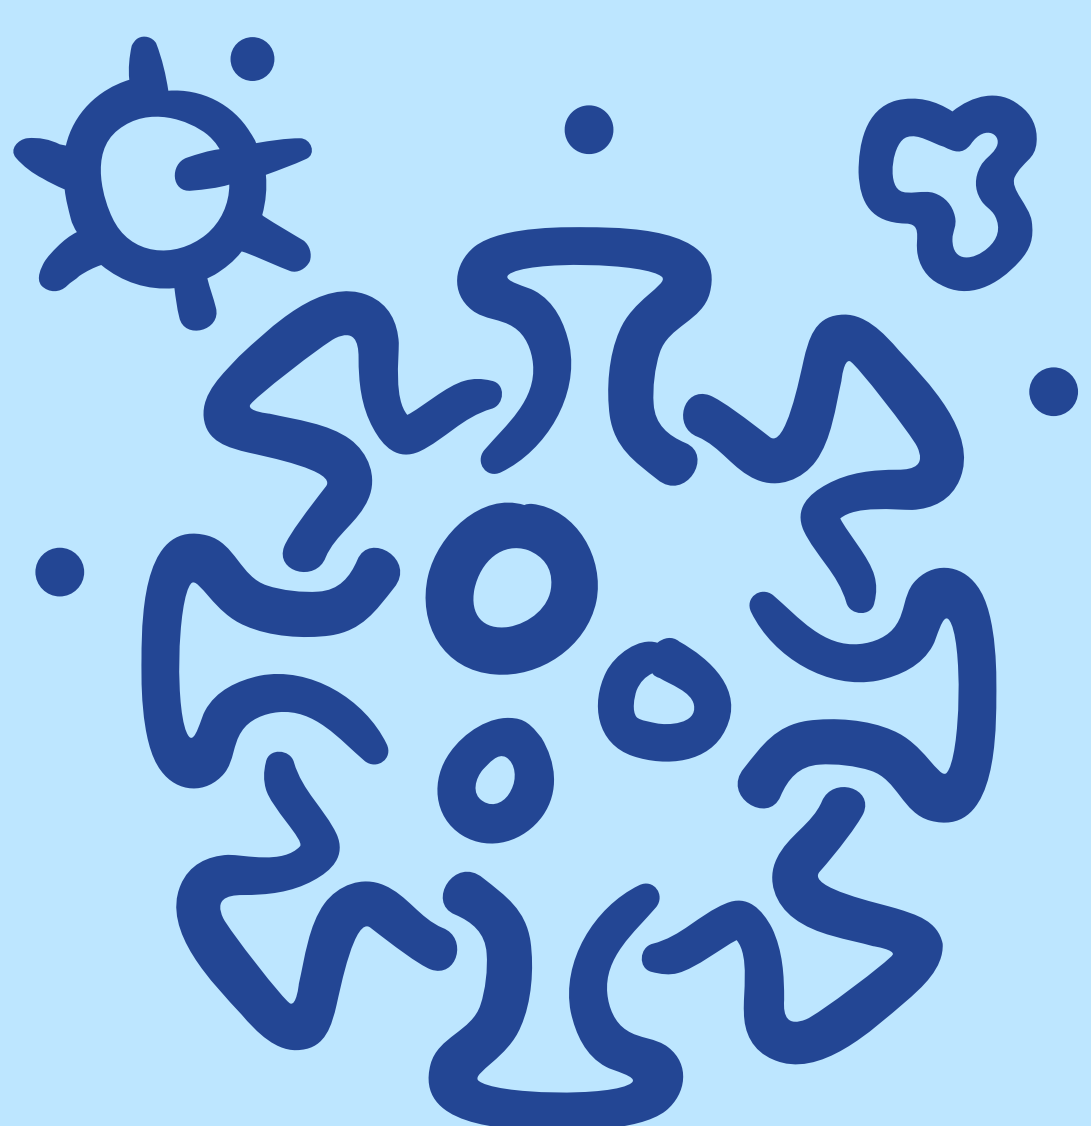

WHY SHOULD I PARTICIPATE?

Participating will help contribute to scientific research and assist in tracking COVID-19 and influenza in your community.

WHAT DO I HAVE TO DO?

We ask you to complete a simple web-based survey emailed to you each week - it takes less than 30 seconds to complete!

Visit www.flutracking.net
to join now!

Anyone can participate- sick or healthy, vaccinated or unvaccinated. We look forward to FluTracking with you!
